

## Aquasential Smart High Efficiency Water Filters

---

### Culligan® Filtr-Clear® Water Filters

Cloudy, hazy water gets that way due to sediment in the water. The Culligan Filtr-Clear water filter removes dirt, silt, clay and other types of sediment from your water supply. Not only that, the Filtr-Clear filter is four filters in one. They work at different levels, stacked on top of each other, each removing a particular size of sediment particle. All you end up with is good, clear, top quality water. The Filtr-Clear filter treats all the water in your house, not just water from one faucet.

### Culligan® Cullar® Water Filters

Cullar filters are activated carbon filters designed to reduce contaminants that cause water to taste and smell unpleasant, including the taste and odor of chlorine. They also work against most discoloration problems.

### Culligan® Cullneu Water Filters

Acid water, or water with low pH, can wreak havoc on your pipes and porcelain fixtures. The acids eat away at the iron and copper on pipes and unlined heaters, leaving behind red or blue stains. The Cullneu filter reduces the stains and pipe damage by neutralizing the acids in your water supply.

### Hey Culligan!

At Culligan, we've been committed to providing superior water treatment products for over 85 years. Our units offer state-of-the-art electronic controls, innovative valve design, and are tested to the highest standard. And they're supported by your local Culligan Water® dealer, a water expert that can also provide salt delivery, filter and media changes, rentals and financing options.

# Product Specifications

## Patented Smart Technology

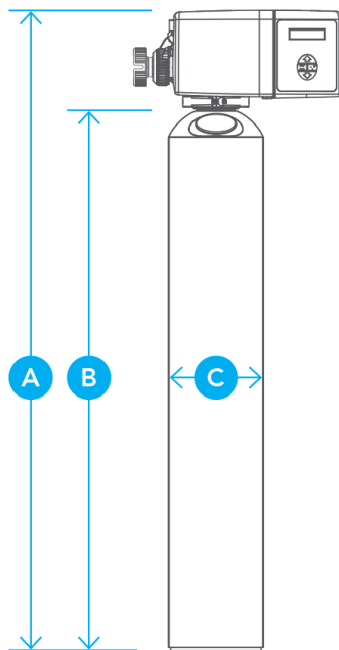

- Automatic bypass valve provides the convenience of bypassing the water filter from the filter itself or by using the Culligan® Connect App.
- Exclusive Culligan Soft-Minder® meter monitors daily water use and provides advanced system diagnostics.
- The easy-to-read back-lit display lets you know your softener is working and warns of system malfunctions.
- Culligan's Connect App provides peace of mind with 24/7 monitoring and control of your Culligan equipment.

## Maximum Media Efficiency

- Cullar®, Filtr-Cleer® and Cullneu media provides maximum water filtering capacity, stability and long life.

## Exclusive Reliable Design

- Mechanical improvements including design updates and indicator lights to make sure it's always in peak condition.
- Exclusive, non-corrosive valve using motorized pistons that provide more reliability than rotary valve systems.
- High-impact Quadra-Hull® Tank use a four-layer design that resists UV rays, rust and corrosion. Limited lifetime warranty.

## Product Dimensionsi

Size	A	B	C	Control Valve
9"	56"	48"	9"	1"
10"	60"	52"	10"	1"

Warranties include: Lifetime tank; 10 years valve & electronics; 5 year meter; 1 year the entire filter.
