# AQUASENTIAL REVERSE OSMOSIS DRINKING WATER SYSTEM

**Aquasential Tankless**  
Reverse Osmosis  
Drinking Water System

Just because you don't have a lot of space  
doesn't mean you can't have great water.

- Elegant, slim, and space-saving design (2/3 less space than traditional RO systems.)
- Whisper Quiet
- Integrated LED Indicator
- Premium Faucet
- Continuous water flow\*
- Dimensions: 17.2"h x 5.7"w x 18.7"d

\*Uses a booster pump plus a 600 GPD (gallons per day) membrane to provide an unlimited supply of filtered, great tasting water.

Small footprint. Big Results.

Water should be simple. You  
turn on the tap, and safer,  
great-tasting water comes out.

- Sleek, modern look
- Advanced Filtration that targets contaminants such as lead, arsenic, volatile organic compounds, and other emerging contaminants
- Modern ergonomic faucet (Metal faucets available in Brushed Nickel, Chrome, Matte Black, and Bronze.)
- Durable, high-quality Reservoir Tank
- Reduce the amount of plastic bottles that end up in landfills
