

Aquasential Smart High Efficiency Sulfur-Clear Water Filters

The Sulfur-Clear was specifically designed to remove two of water's most common problems:

- **Hydrogen sulfide**- Responsible for that rotten egg smell as well as black spots on laundry and fixtures.
- **Iron**- Responsible for rust stains on your clothes, fixtures and dishes; often leaves a metallic aftertaste in drinking water.

Whether you have one or both, Culligan has effective solutions to these and other water problems you may have. All Culligan filters are customized to handle your specific type of problem water.

With a new modern new color, improved app experience, plus always-on WiFi connectivity and remote monitoring, the Aquasential Smart HE Sulfur-Clear Filters give you cleaner, safer water and more peace of mind.

Product Specifications

Patented Smart Technology

- The air compressor is key to the aeration process which oxidizes the dissolved iron and hydrogen sulfide.
- On/off times adjustable to raw water characteristics
- Automatic bypass valve provides the convenience of bypassing the water softener from the softener itself or by using the Culligan Connect App.
- Exclusive Culligan Soft-Minder meter monitors daily water use and provides advanced system diagnostics.
- The easy-to-read back-lit display lets you know your softener is working and warns of malfunctions.

Unique Media Filter

- The media in the filter tank acts as an insoluble catalyst to enhance the reaction between the oxygen, iron, and hydrogen sulfide.

Exclusive Reliable Design

- Mechanical improvements including design updates and indicator lights to make sure it's always in peak condition.
- Exclusive, non-corrosive valve using motorized pistons that provide more reliability than rotary valve systems.
- Sturdy media tank with filament-wound exterior, and smooth non-permeable inner tank shell.
