### Water Boosting Recipes To Kick Your Cold Or Flu

[Click Here](#)

With fall and winter being peak seasons for getting the flu and catching a cold, water-based, natural ways to get rid of a cold could be your ticket out of flu season. Culligan can help gauge your water quality level and provide the solutions to get it up to par. If you happen to get sick this year, try these immunity-boosting, water-based beverages to help kick your cold or flu.

## How to Choose the Best Water Softener

### Signs That You Need a Water Softening System

Hard water could impact more than just your home, it might affect you, too. You might be facing hard water problems if you notice:

*Dry skin, Brittle hair, Spotty dishes, Scale buildup, or Bubble-less soap.*

*If you notice any of the symptoms in your home, it might be time to consider a water softening system.*

### What Are the Benefits of a Water Softening System

A water softening system can help to reduce the amount of calcium and magnesium that may be in your waterhome. As a result, you may experience:

*Softer hair and skin, Longer lasting appliances and cleaner plumbing, Softer laundry, Shiny, spot-free dishes, Clearer water.*
