**DO YOU KNOW
THE TRUTH
ABOUT YOUR
WATER?**

Whether you've just completed a marathon or simply craving an ice-cold glass of water, it's important to know about the tap water you're drinking.

- Know where contaminations occur
- Familiarize yourself with your water treatment system
- Pay attention to odors, taste, and color in addition to corroded fixtures and appliances
- Get water tested annually

Feeling the effects of Seasonal Allergies?

Staying hydrated and drinking plenty of water can naturally help your body's immune system. Follow the link below and discover ways water can be used to facilitate positive effects on the body.
